

## 2010 SuperCamps and SuperClinics

Enclosed you will find brochures and information about the upcoming 2010 SuperCamps. Over the past twenty years participants from all over the Northeast have been involved in our programs, and this year promises to be “bigger and better...” Take advantage of one of our SuperCamps Discount Programs, and we’ll see you at camp!

**THE SUPERCAMPS PHILOSOPHY** is to provide a quality, positive learning experience while keeping our costs down to accommodate those who can’t afford the overpriced programs marketed by our competitors.

**WE TEACH...** SuperCamps provides an outstanding, successful, motivational staff with their primary mission -- TEACHING INDIVIDUAL and TEAM SKILLS.

**WE CARE...** SuperCamps will listen to your needs, provide extra information for parents, solve transportation problems, negotiate team discounts, and even offer financial support when funds are available.

**WE DELIVER...** Participants leave SuperCamps programs motivated and excited about their upcoming season. More importantly, we emphasize off-season training and provide programs to help you develop your skills and gain confidence.
